Enable Remote Desktop Connection – Window 7

Right click on the start button on the bottom left of your screen and right click on My Computer. Your desktop may also have an icon that says My Computer on it. Right click on the icon.

![My Computer Icon]

After Accessing My Computer click on Properties.

![Properties Icon]

Click on Remote Settings

9-2-2011
A pop up box will appear, with the last tab being labeled **Remote**. Select the **Remote** tab. In the lower half of the window choose the middle option, **Allow connections from computers running any version of Remote Desktop**.

Click **OK**.

The computer has been setup your for remote access.
