# New Password Reset System – First Time Users

All UT Health Science Center San Antonio users must re-register their security questions and answer. You will select 4 questions from the pre-defined question bank and also create 4 security questions of your own and provide an alternate email address for verification.	
Copy and paste the Password Security link URL in your browser. Logon screen will be displayed.	https://pwr.uthscsa.edu/
Under **Sign in** enter your current username and password. Click **Login**	
First-time Users If this is your first-time logging into the system, the **Welcome** message will be displayed on top of the Change Password reset screen. Click **"Click Here"** button	
User Registration screen will be displayed. There are 2 tabs at the top of the User Registration screen: **Security Questions & Ans(wers)** and **Verification Code**. Before you select your answers, uncheck the **Hide Answer** box. This will keep you from having to enter your answers in twice and will allow you to see typed response. The first four questions are pre-defined questions. Select a question and provide an answer. The last four questions are up to you to create and provide an answer. **NOTE**: Please be sure you have noted your responses.	

After entering your questions, click the **Verification Code** tab to enter an alternative email address. Click the **Security Ques & Ans** tab, scroll down, click **Enroll.** Confirmation notification will be displayed.	**User Registration** The information you provide here would be used to authenticate you when attempt to reset password or unlock your account. Security Ques & Ans ‖ **Verification Code** **Register Your Email Address(es)** HUBBARDC@uthscsa.edu HubbardC@livemail.uthscsa.edu ⊞ Enter your email id ✖ ✔ You have enrolled for password self-service successfully! When you request for password self-service, you will be authenticated using this info.
