Tip1: How Do I Delete my Browsing History and Temporary Files?
Tip2: Confirm Junk Inbox Folder for notifications!

Tip1:
1. Click the Tools dropdown menu option, then click Internet Options
2. Click the Delete... within Browsing History
3. Click **Delete all ....**

![Delete Browsing History window]

4. Click **Yes**
5. Click **OK** and close out your Internet Options window

**Tip2:**

If you see any Financial Emails, select the email, then select the “Not Junk” button within your tool bar. This will prevent any future email communications from being sent to the Junk Folder.
